77	<p>I want information regarding the M.Tech(PG) admission GATE score consideration.</p> <p>As per the IIT Madras Information Brochure 2022-23 many Discipline/Specialization allows admission based on more than one GATE papers.</p> <p>Like for Mechanical department Thermal Engineering (ME1) specialization many GATE papers are eligible. If candidate A has qualified in GATE Mechanical (ME) with score 800 and the candidate B qualified GATE Aerospace (AE) with score 800, So both have same chance of getting admission?</p> <p>Or any reservation of seats is there for different GATE papers?</p> <p>Or the admission is based on GATE rank instead of GATE score?</p> <p>Please clarify on the issue; The last year cutoff only mentions GATE score of the last candidate who got admission, not the GATE discipline of that last candidate. It should be discipline wise cutoff for different GATE papers if different papers have different weightage.</p>	For the M.Tech admissions at IIT Madras, we do not look at discipline-wise cut-off. Suppose two candidates satisfy the eligibility criteria for a particular program from different disciplines, and the GATE score is as per the merit list. In that case, admission will be given to both candidates.
