JAN

**Highest quality education, everywhere** - With an innovative combination of online learning and in-person assessment, the online B.Sc. degree program in Programming and Data Science is a game-changer in the Indian education eco-system. It offers multiple entry and exit points for learners from different backgrounds with different aspirations.

**Photo Credits :**

Bharathi & Balaraju Kondaveeti

FEB

**Global prominence in data science and AI** - Built on a shared vision of expanding research and education in the 'new oil of the digital economy' and CSR support from Robert Bosch, RBCDSAI conducts fundamental and applied research cutting across disciplines, ranging from maternal health and genetic networks, to trust in AI and sports analytics.

**Photo Credits :**

Prof. B. Ravindran, Vidya & ESPN Cricinfo

MAR

**Unbox your space** - Foldable cabins, that can be compressed by 10x, transported easily, set-up in a few hours, with less manpower, and durable. Mentored by Mr. KK Raman, this academic project is now a thriving start-up called Modulus Housing. Their customers are not only large construction companies like L&T and Tata projects, but also state governments looking to setup quick Covid-19 quarantine facilities.

**Photo Credits :**

Shreeram Ravichandran

APR

**At the top, consistently** - For the 5th year in a row, IIT Madras was ranked as the #1 institution in Engineering MHRD's National Institutional Ranking Framework (NIRF) Ranking 2020. And also, #1 in the overall category. For the second consecutive year, IIT Madras was the top-ranked HEI in NIRF as well as the most innovative Institute in the first Atal Ranking of Institutions on Innovation Achievements (ARIIA).

**Photo Credits :**

Uthayaraja & Kannan Krishnamurthy

MAY

**Clean Water, Clean Life** - Established with the support of Parekh Foundation, the International Centre for Clean Water, located in the IITM research park, brings worldwide scientists under one roof and connects them with industry, with the aim of ensuring safe water to the poor and vulnerable. The centre offers world class infrastructure for water research, water quality analysis, product development, incubation and pilot production.

**Photo Credits :**

Prof. T. Pradeep

JUN

**All brain, all power, all electric** - Ather Energy, an IIT Madras startup, is enabling our transition to a sustainable future through electric mobility. Along with their inherent efficiencies and lower environmental footprint, these smart scooters also connect to smart phones and make life experiences seamless.

**Photo Credits :**

Tarun Mehta & Swapnil Jain

JUL

**Necessity is the mother of invention** - The lush green of the campus, the beaming faces of students and parents, awardees receiving their medals on stage - everything was there, as usual, but in mixed-reality. Convocation 2020 was conducted in a unique virtual reality mode ensuring that the graduating students had a memorable convocation even amidst a raging global pandemic.

**Photo Credits :**

Kannan Krishnamurthy

AUG

**Building Social Entrepreneurship Capacity** - Under the aegis of the Centre for Social Innovation and Entrepreneurship (CSIE) and with CSR support from Chennai Petroleum Corporation Limited (CPCL), Profs. Ligy Philip and B.S. Murthy are leading an effort to rejuvenate village ponds, establish drinking water supply, manage solid wastes, and enable skill development in three villages in Nagapattinam district, Tamil Nadu. This is just one example of the focus on teaching and research related to social enterprise in India which is the mission of CSIE.

**Photo Credits :**

Prof. Ligy Philip

SEP

**Revolutionary products for a premium lifestyle** - This IIT Madras startup builds products that provide unique experiences to consumers. From an analog styled smartwatch to a wearable wrist tracker that detects COVID-19 symptoms. Mix-and-match with watch straps that have built in Near Field Communication (NFC) and you are ready to make cashless payments.

**Photo Credits :**

Sai Prasanth, Pratyusha & Janeef Mayari

OCT

**At the forefront of Technology** - With support from the Department of Telecommunication (DoT), IIT Madras faculty are developing a 5G testbed that closely resembles a real-world deployment. This prototype and testing platform that is being developed by a team of over 50 researchers and engineers would serve as the basis for commercial deployments by Indian startups and industry.

**Photo Credits :**

Prof. Radha Krishna Ganti

NOV

**The world in an oyster** - From Australia to Zimbabwe, Ukraine to USA, IIT Madras is engaging with peer institutions around the world through strong and sustainable partnerships in order to meet the aspirations of our students and faculty. With over 250 MoUs with like-minded institutions, covering 'Study Abroad' programs for undergraduate students, research scholar exchanges, joint degree programs, and faculty exchanges, the world beckons.

**Photo Credits :**

Harish Ananth & Pannerselvam

DEC

**You have made us proud** - Each year around 8 to 10 alumni are selected for the Distinguished Alumnus Award. Since its inception in 1996, 170 alumni have been selected for the award across 5 different categories - Academic Excellence, Technology Innovation Excellence, Managerial Excellence, Entrepreneurial Excellence, and Excellence in Other Walks of Life.

**Photo Credits :**

Kannan Krishnamurthy

# BSc in Programming & Data Science

Learn from Anywhere

**7,116 learners**  
are admitted in the  
first batch, including  
**44 learners** from  
international locations

**Open to Everyone**  
Offers a lot of flexibility with multiple  
entry and multiple exit options
