SEMINAR TALKS: PH.D

Premkumar Manda, Research Scholar, Department of Metallurgical and Materials Engineering (MM12D008) will give a seminar talk on Microstructure and Texture and their Correlation with Mechanical Properties in Metastable Beta Titanium Alloys at 1500 hours on February 22, 2016 in MSB-104.

Anitha Priyadharshani, Research Scholar, Department of Civil Engineering (CE10D004) will give a seminar talk on Ultimate Strength of GFRP Stiffened Composite Plates with Large Opening at 1600 hours on February 23, 2016 in the Structural Engineering Seminar Hall (STR-301).

Amlan Datta Chowdhury, Research Scholar, Department of Ocean Engineering (OE11D010) will give a seminar talk on Rayleigh-Ritz Method on Depth Dependent Ocean Acoustic Waveguides at 1600 hours on February 23, 2016 in the Seminar Hall.

Surendra Kumar Sharma, Research Scholar, Department of Mathematics (MA11D023) will give a seminar talk on Stability of a Class of Fourth Order Nonlinear Diffusion Filters at 1100 hours on February 24, 2016 in the Seminar Hall (HSB-257).

Smitha Gopinath, Research Scholar, Department of Civil Engineering (CE09D025) will give a seminar talk on Flexural Strengthening of Reinforced Concrete Beams using Fabric Reinforced Concrete (FABcrete) at 1330 hours on February 25, 2016 in the BCTM Division Seminar Hall (BSB-206).

Amaravel R, Research Scholar, Department of Civil Engineering (CE08D011) will give a seminar talk on Remaining Service Life Estimation of Damaged RC Beams of Railway Bridges (Fatigue and Fracture Mechanics Approach) at 1500 hours on February 25, 2016 in the Structural Engineering Seminar Hall (STR-301).

Thiyagarajan R, Research Scholar, Department of Engineering Design (ED12D020) will give a seminar talk on Design and Analysis of Variable Buoyancy Systems for Selective Deployment at 1500 hours on February 25, 2016 in the Conference Hall (ED-103).

Rajesh Kanna A, Research Scholar, Department of Ocean Engineering (OE11D005) will give a seminar talk on Experimental Investigations on Microbial Enhanced Oil Recovery at 1600 hours on February 25, 2016 in the Seminar Hall.

SEMINAR TALKS: M.S

Bhaskara Rao Chintada, Research Scholar, Department of Applied Mechanics (AM14S017) will give a seminar talk on A Novel Elastographic Frame Quality Indicator and Its Use in Automatic Representative Frames Selection from a Cine-Loop at 1500 hours on February 23, 2016 in the Newton Hall.

Rohit S Nair, Research Scholar, Department of Mechanical Engineering (ME13S078) will give a seminar talk on Numerical Modeling and Heat Transfer Characterization of an Internally Finned Heat Pipe at 1500 hours on February 26, 2016 in HTTP Lab Seminar Hall.
