SEMESTER TALKS: PH.D

Gopal Krishna Kamath M, Research Scholar, Department of Electrical Engineering (EE12D033) will give a seminar talk on Car-Following Models: A Delayed Dynamical View of Transportation Networks at 1500 hours on August 07, 2017 in the ADI-TeNet Seminar Hall (CSD 320).

Shamrao, Research Scholar, Department of Mechanical Engineering (ME13D051) will give a seminar talk on Estimation of Terramechanics Parameters of Wheel-Soil Interaction Model using Particle Filtering at 1500 hours on August 07, 2017 in the Seminar Hall (MDS 412).

Anish Babu, Research Scholar, Department of Electrical Engineering (EE14D014) will give a seminar talk on A High Sensitive Interfacing Scheme for Wireless Passive LC Sensors at 1100 hours on August 08, 2017 in the Seminar Hall (CSD 308).

Subhajit Chanda, Research Scholar, Department Mathematics (MA15D022) will give a seminar talk on Brown-Gersten-Quillen (BGQ) Spectral Sequence at 1000 hours on August 09, 2017 in the Madhava Hall (HSB 357).

Likin Simon, Research Scholar, Department of Electrical Engineering (EE13D030) will give a seminar talk on Wide Area Oscillation Damping Controller for DFIG based Wind Turbines using Wide Area Measurement System (WAMS) with Delay Compensation at 1400 hours on August 09, 2017 in the Seminar Hall (CSD 308).

Jayachandran S, Research Scholar, Department of Mechanical Engineering (ME09D014) will give a seminar talk on Characterisation of Effective Thermal Conductivity of Various Two-Phase Materials with Secondary Effects using Collocated Parameter Model at 1500 hours on August 10, 2017 in the HTTP Laboratory Seminar Hall.

SEMESTER TALKS: PH.D (Contd...)

Sandep Kumar M, Research Scholar, Department of Mechanical Engineering (ME13D050) will give a seminar talk on Numerical Prediction of Potential Cavitation Erosion in Fuel Injectors at 1500 hours on August 10, 2017 in the Rudolf Diesel Hall (IC Engines Lab).

Balaji P, Research Scholar, Department of Management Studies (MS15D004) will give a seminar talk on Sample Size Determination for Designed Experiments Under the Online Framework at 1500 hours on August 10, 2017 in the Seminar Hall (DoMS 110).

Swaminath Bharadwaj G, Research Scholar, Department of Chemical Engineering (CH11D036) will give a seminar talk on Effect of Co-Solvents on the Lower Critical Solution Temperature of Thermoresponsive Polymer solutions at 1600 hours on August 10, 2017 in MSB 241.

Susmita Agarwal, Research Scholar, Department of Mathematics (MA12D017) will give a seminar talk on Radial Basis Function Based Gridfree Scheme for Capturing the Moving Interfaces at 1500 hours on August 11, 2017 in the Madhava Hall (HSB 357).

Naresh Yarramsetty, Research Scholar, Department of Mechanical Engineering (ME14D030) will give a seminar talk on Experimental and Numerical Investigations of Heat Transfer from an Internally Finned Two Phase Closed Thermosyphon at 1500 hours on August 11, 2017 in the HTTP Laboratory Seminar Hall.
