SEMINAR TALK: PH.D

Celia D, Research Scholar, Department of Electrical Engineering (EE13D003) will give a seminar talk on Optimizing Power-Accuracy Trade-Off in Approximate Adders at 1100 hours on December 10, 2018 in ESB 234.

Srinivas STP, Research Scholar, Department of Electrical Engineering (EE14D038) will give a seminar talk on Optimal Coordination of Relay Settings using Convexified Linear Programming at 1400 hours on December 10, 2018 in the Seminar Hall (ESB 244).

Hari Srinivasa Rao M, Research Scholar, Department of Mechanical Engineering (ME14D012) will give a seminar talk on Development of Advanced High Strength Steels (AHSS) Processed Through New Thermomechanical Process Route and Evaluating Microstructural and Mechanical Properties at 1500 hours on December 10, 2018 in the PEIL Seminar Hall (MSB 348).

Arunvel T, Research Scholar, Department of Management Studies (MS16D301) will give a seminar talk on IoT Sensors in Intelligent Buildings: A Systems Perspective at 1500 hours on December 10, 2018 in DoMS-110.

Abhishek Kesarwani, Research Scholar, Department of Mathematics (MA15D030) will give a seminar talk on Light weight MDS Matrices at 1100 hours on December 11, 2018 in the Seminar Hall (NAC 522).

Santi Ranjan Das, Research Scholar, Department of Mathematics (MA14D202) will give a seminar talk on Shift-Invariant System in $L^2 (IH^d)$ at 1500 hours on December 11, 2018 in the Seminar Hall (NAC 522).

Adusumilli Bala Surendra, Research Scholar, Department of Electrical Engineering (EE15D200) will give a seminar talk on Continuation Power Flow Analysis for Voltage Stability Assessment under Uncertainty using Modified Affine Arithmetic at 1500 hours on December 11, 2018 in the Seminar Hall (ESB 244).

SEMINAR TALK: PH.D (CONTND…)

Neghi N, Research Scholar, Department of Civil Engineering (CE15D021) will give a seminar talk on Development of Recoverable and Reusable TiO2 Hybrid Composites for Photo-Degradation of Antibiotics in a UV Reactor System at 1300 hours on December 12, 2018 in the Visvesvaraya Seminar Hall (BSB 128).

Sarathkumar, Research Scholar, Department of Mechanical Engineering (ME14D101) will give a seminar talk on Femtosecond Laser Interaction Studies on Dental Hard Tissue at 1400 hours on December 12, 2018 in the Seminar Hall (MES).

Sivakumar G, Research Scholar, Department of Civil Engineering (CE12D056) will give a seminar talk on Crack Growth Analysis in Rock with Pre-Existing Flaws at 1430 hours on December 12, 2018 in the Visvesvaraya Seminar Hall (BSB 128).

Sri Phani Sushma I, Research Scholar, Department of Mechanical Engineering (ME12D060) will give a seminar talk on Modeling and Analysis of High Speed Turning with Various Cutting Edge Geometries of PCD Tools at 1500 hours on December 12, 2018 in the Seminar Hall (MES).

Biswajit Dutta, Research Scholar, Department of Electrical Engineering (EE15D027) will give a seminar talk on User Scaling Laws in Massive MIMO Downlink & Low Encoding Cost Hybrid Precoding for Multiuser Massive MIMO at 1300 hours on December 14, 2018 in the Seminar Hall (ESB 244).

Manish M, Research Scholar, Department of Mechanical Engineering (ME13D007) will give a seminar talk on Multi-Scale Droplet Clustering in Sprays: An Analysis using Voronoi Tessellations at 1500 hours on December 14, 2018 in the Seminar Hall (TCE Lab).

SEMINAR TALK: M.S

Renuka Devi S K, Research Scholar, Department of Management Studies (MS16S005) will give a seminar talk on Internet Usage for Health Information Needs: Interactive Qualitative Analysis at 1500 hours on December 13, 2018 in DoMS-110.
PH.D VIVA VOCE EXAMINATION

The Ph.D Viva Voce Examination of Komandla Mahipal Reddy, Research Scholar, Department of Mathematics (MA13D003) will be held at 1000 hours on December 12, 2018 in the Seminar Hall (NAC 522). The title of the thesis is Some Aspects of Fractal Functions in Geometric Modeling.
