394/2019	1	CSO	One Nation One Rule, is being followed in our country. IIT-CHENNAI is only collecting gate pass fee (two wheeler Rs.600 and four wheeler Rs.1200) from KENDRIYA VIDYALAYA SCHOOL parents. But other IITs such as IIT - KANPUR, IIT-KHARAGPUR are not collecting gate pass fee from anybody. RTI copies are enclosed herewith. In Tamilnadu -Chennai IIT only forced the parents to pay the fee for gate pass. If not pay KVS students' parents vehicles are not allowed and students are forced to go by IIT bus. This activity is beyond the human rights. This is a partiality to CHENNAI-IIT	This is not an information as defined under Section 2(f) of RTI Act 2005.	05.12.2019

335/2019.	1	DR Research	Please let me know why an arbitrary decision was taken to move MS students from a single sharing room to double sharing room. Earlier the MS student had 3 years in hostel, now only 2.5 years. Were the students taken in confidence before taking the decision.	The scholarship period of MS was reduced to 2.5 years from 3 years by the Senate of IIT Madras. Hence the accommodation is reduced to 2.5 years from 3 years. Such a policy decision does not require consultation with students.	05/10/19.

100/2019.	1	GATE	Dear Sir I am extremely disappointed that IIT madras releases result of GATE GG 2019 on 15 March 2019 Their cut off marks is directly based only on geology candidates marks which are directly biased We want separate cut off for geology and geophysics candidates They must change their policies otherwise our future is ruined by their bad policies This time geology paper was easy and geophysics paper was difficult that's why in geophysics around 50 candidates passed according to gg cut off which is unacceptable Geology candidates are competing only with geology candidates but we compete with physics candidates also in PSUs They have separate cut off so we also need separate cut off. Our questions are different from geology so why cut off is not separate IIT must withdraw GATE 2019 result for GG You all are destroyed our future since 2014 We have no choice IF you are not solving this problem I will go to SC and file a PIL for us Where we went	This is not an information as defined under Section 2(f) of RTI Act 2005.	19.03.2019.

370/2019.	1	NPTEL	NPTEL office displayed the result of certification exam on 17.10.2019 but am not satisfied with the final score. After the day of exam I mailed to the course instructor regarding his immorality of asking final exam questions so I sure that there is malpractice done by him because exam conducted on 29 Sep.2019 and after 18 days result was displayed as exam was computer based then this 18 days is enough to do anything. There is same question paper for morning and afternoon slot of exam so how can you justice with the students & displayed the result. So I want my morning slot exam paper of Solar photo voltaic fundamental, Technology to verify my responses against questions (Hall ticket attached) Its my basic right to ask for photocopy of my exam paper also afternoon slot exam question paper of same course to cross check similarities in questions.	Due to a need to avoid unfair advantage to some candidates, due to the intention of using the questions in the form a question bank, the questions are not released after the exam. However the candidate can arrange to come to the nearest NPTEL office, at a participating IIT, and can see the question paper of the session they had written the exam	19.11.2019

| 370/2019. | 2 | NPTEL | Except the course instructor, Is there any technical committee formed by NPTEL office who reviews the course content, weekly assignment question pattern and final certification exam question pattern & its level. If yes then I want the details of that members of the course named Solar photo voltaic application and Technology course held during July-OCT 2019. | course there is no separate course specific technical committee to look at course content, individual assignments, exam question papers etc. A common office staff team helps oversee the overall delivery of all NPTEL courses in the semester. Based on overall student experience, appropriate actions are taken | 19.11.2019 |

370/2019.	3	NPTEL	What is the designation & roles of the person who looks over the quality of work done by the course instructor & what is the remuneration of the course instructor in Rs.of all NPTEL courses held during July-OCT 2019.	The course faculty is primarily responsible for the content and delivery of the course. A common office staff team helps the faculty for the same. The information sought for is voluminous in nature as per 7(9) of RTI Act 2005, collating the same would disproportionately divert the resources of the public authority	19.11.2019

| 370/2019. | 5 | NPTEL | Is there any professor except the course instructor is looking over the forum of the NPTEL course named Solar photo voltaic application and technology because there are so many questions raised by the candidates are still unanswered by the course instructor. who is responsible to answer this questions by the candidates who joined the course and I want details of forum questions and their respective answers given by NPTEL Team if not answered by them then give proper clarification. | The course faculty is the only professor primarily addressing the discussion forum. Access to the forum is available to enrolled users even after the course is completed, therefore this is already provided to the course user. Course subject related questions are outside the | 19.11.2019 |

| 370/2019. | 6 | NPTEL | The course instructor Prof. Soumithra Sathapati asked theory questions in weekly assignments there was only 1 numerical type question in all 90 assignment questions but in final certification exam of 100 marks there was around 70% formula based numerical type questions which was totally irrelevant to that of continuous weekly assignments question pattern and course content. Suddenly difficult to cram the formulas & various constant values to such extent to attempt the questions. Other afternoon slot candidates knew exam pattern & numerical type exam questions & same questions was asked in afternoon exam. Its really one type of harassment& injustice with the candidate of morning slot. Either I want passing grace marks to receive E certificate as I was regularly submitted assignments scored 47/100 or want | This is not an information as defined under Section 2(f) of RTI Act. | 19.11.2019 |

| 202/2019 | 1 | | I had joined the NPTEL course of subject Introduction to Automata, Languages and Computation on Jan 24, 2019. My Registration No was STMAR191156086.The exam date was on April 27, 2019. I am awarded 87 % marks in final exam, but I have expected more than that. I want the question paper of final exam, answers provided by me and the solution provided by you, So that I can verify the final marks and clear my doubt. I have the following questions that I need answer from your side:

1) Can you say that final exam question paper of Introduction to Automata, Languages and Computation was 100 % error free, If not then why it was not informed us by NPTEL. | This is not an information as defined under section 2(f) of RTI Act 2005. | 29/05/19. |

202/2019	2		If you say NPTEL courses are for knowledge sharing then why you do not share exam question paper, answers provided by students and solution provided by you.	The course is indeed open to all. The exam question papers are anticipated to become part of a question bank for future exams. Therefore releasing the question paper will lead to unfair advantage to specific candidates in future and can cause disruption to the process of course delivery. You are however welcome to visit a nearby IIT and we can arrange for you	29/05/19.
